Why is furniture's cushioning quality important?

Furniture rests on cushioning.

It's the right cushioning that brings to life the design of your furniture. And how it feels completes the story. Cushioning is both look and feel. It directly impacts the seating comfort, long lasting design durability and hygiene.

Right cushioning gives your furniture the best shape and comfort along with style and durability. Bad cushioning can ruin your furniture .if you are planning to purchase a new sofa or looking to refurbish an old one, your highest attention must be on the quality of cushioning.

We, at S S SALES, offer an innovative and high quality range of furniture cushioning products. SW FC not only enhances comfort and hygiene, but also maintains the lasting aesthetic durability of your furniture, retaining the shape of the cushion for years.

Furniture Cushioning

Why only S S SALES Furniture Cushioning !

Low quality cushioning can ruin your furniture. Learn how S S SALES technology cushioning makes all the difference, when compared to local cushioning solutions. We bring lab tested, high quality cushioning material with anti-allergen protection.

OVERVIEW		UNBRANDED CUSHIONING
Because s s sales range of cushioning products surges ahead of unbranded furniture cushioning on many fronts.	The right cushioning is not only comfortable, it adds years to the life of your furniture.	Local furniture cushioning is poor in quality and full of harmful chemicals, which make it sag so much faster. It also attracts germs and allergens to itself.
Supreme Business Ethics	Brand promise & transparency in offering genuine product.	No transparency
Product Quality	Guaranteed tested, high quality global standard cushioning. product	Inconsistent cushioning quality
Product Hygiene	Germ protection with Neem fresche©* for protection as multiple users sit and sleep.	No certified treatment

For Cool Comfort

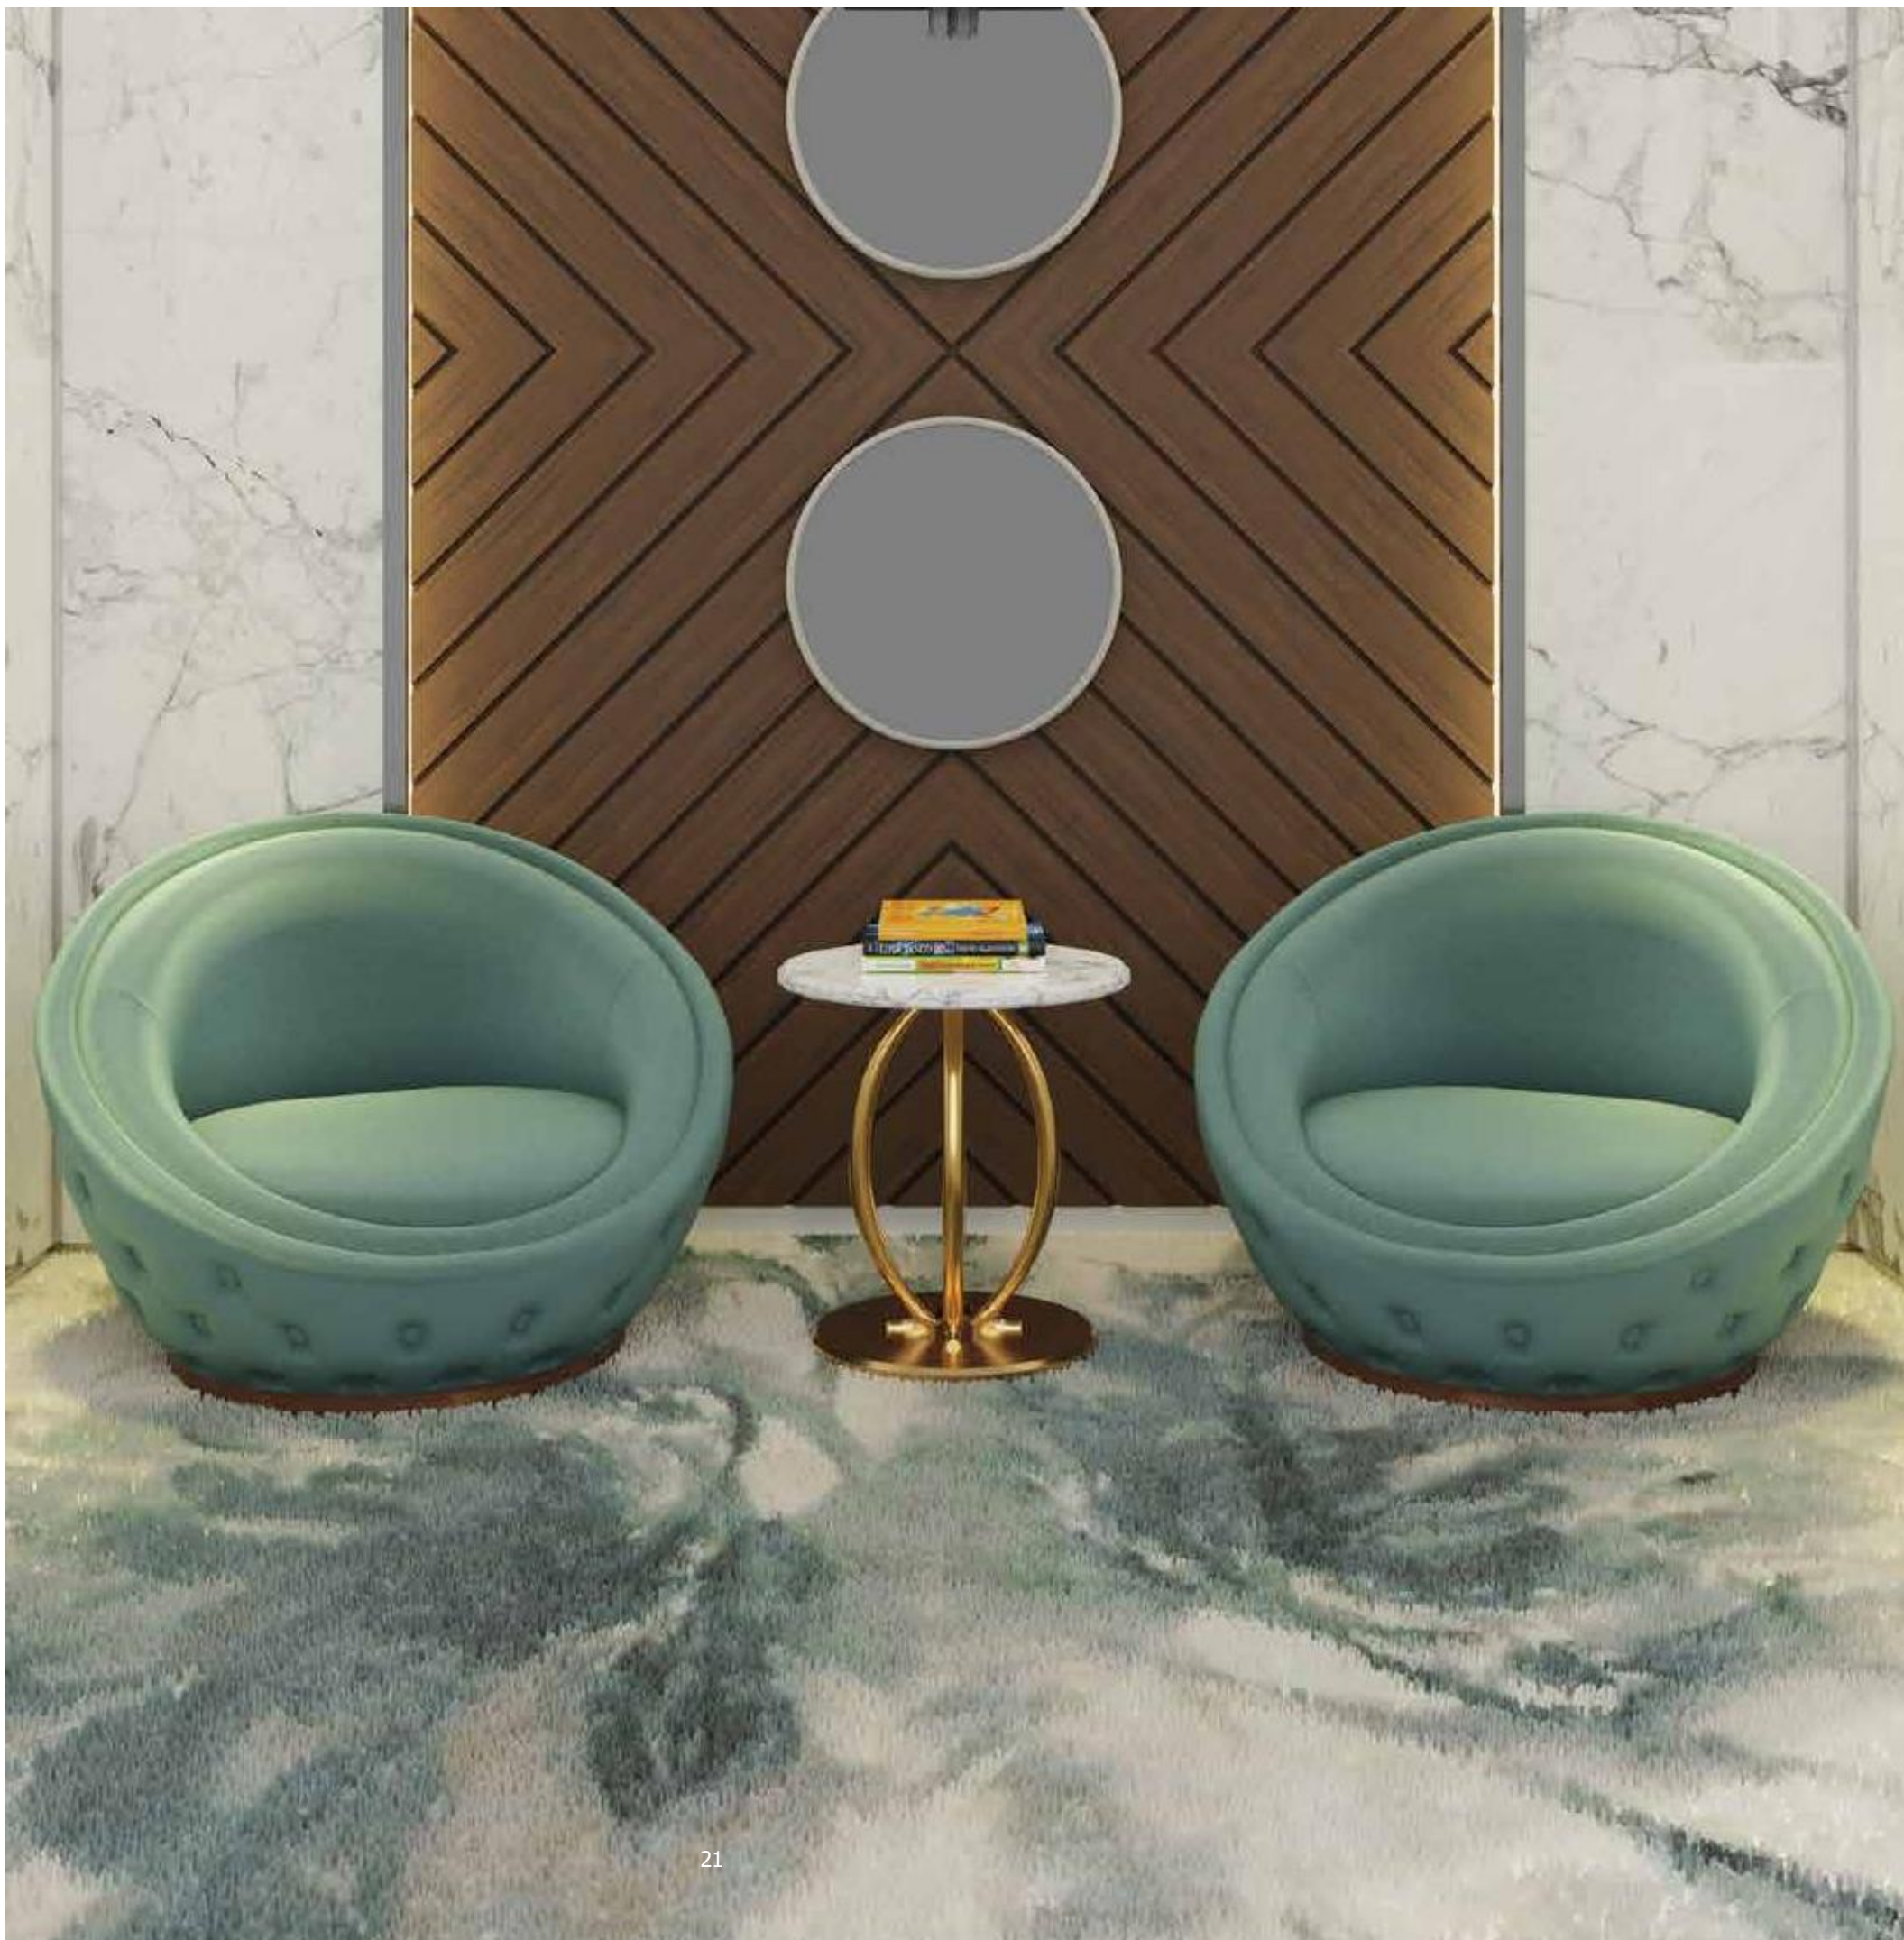

Trending designs and a unique concept for innovative refurbishing are the key features of our Sofa Refurbishing Design guide.

This design guide shall assist you to choose from a variety of sofa designs and cushioning concepts best suited to refurbish your old furniture. These designs have been exclusively created by a team of pro - designers. While designing these options, They have kept in mind the wide variety of Sofa's that require refurbishment over a period of time. And have matched the latest trends that would suit the design upgrade for the perfect balance of aesthetics and comfort in your existing old sofa.

Our sofa refurbishing designs are also defined by experimentation of various kind of shapes in any kind of sofa framework.

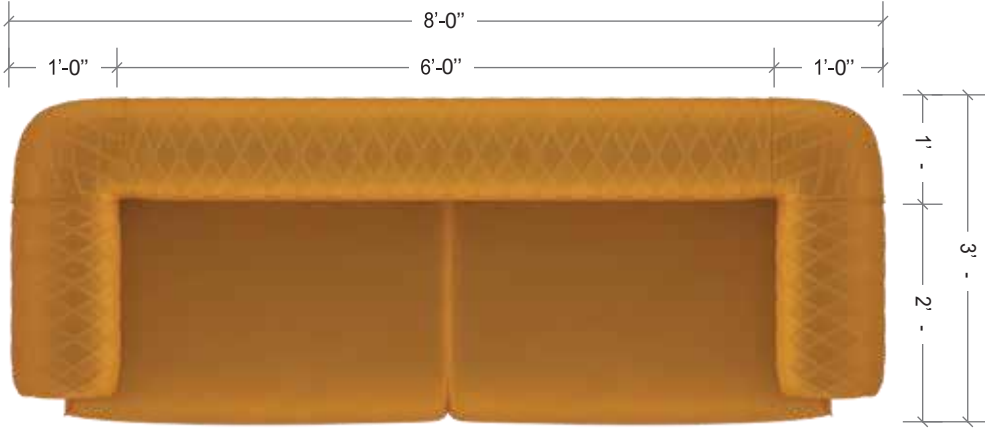

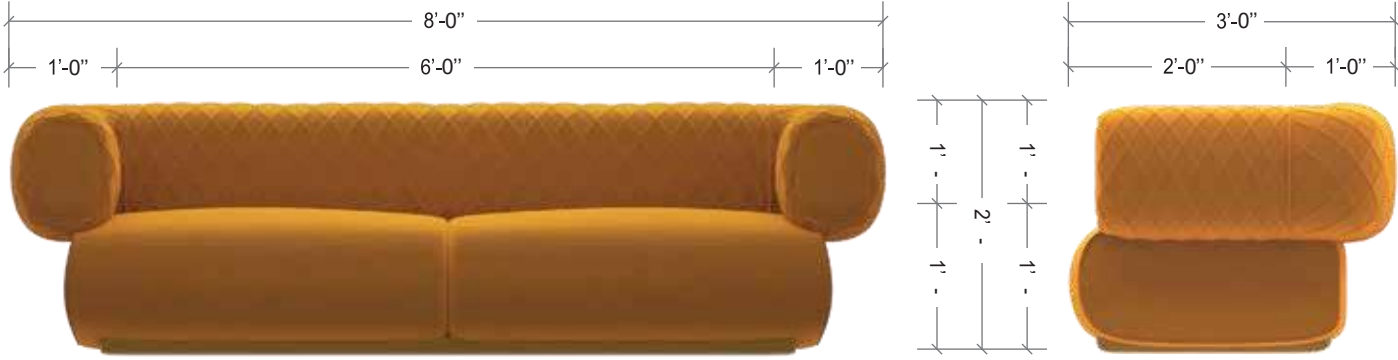

We invite you to explore our sofa design and cushioning guide for an exquisite sofa refurbishing experience.

Modern Design

The modern style emphasizes on simplicity and function. In general terms, modern decor design features sleek, straight lines with smooth and shiny surfaces. The focus is on simple geometric shapes rather than heavy ornamentation.

The objective is to create an uncluttered look, free from chaotic lines and color schemes.

Gracia

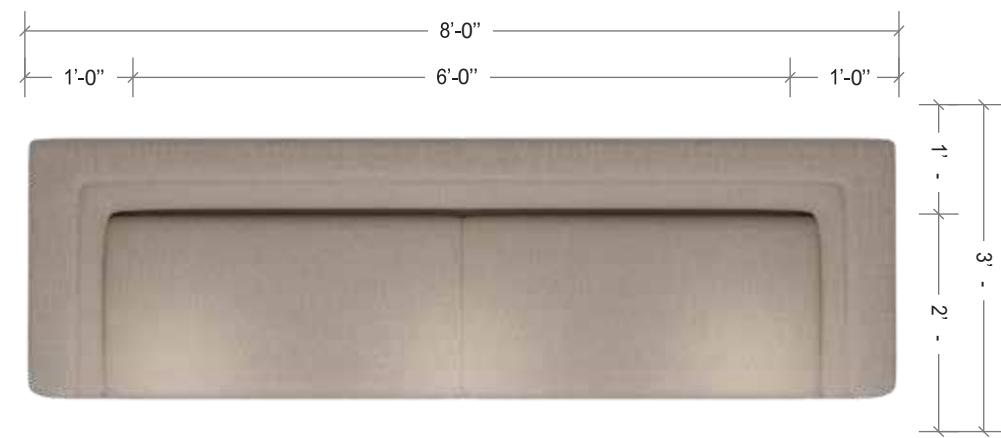

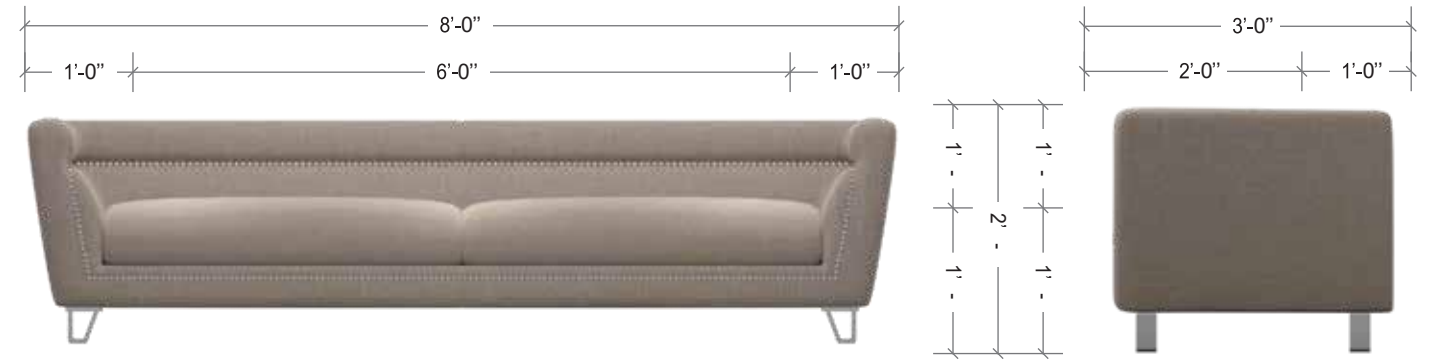

Gracia brings Gracious ochre pop coloured epitome of comfort that will also ornament the warm and cosy modern appeal of the room.

Teal Tide

A true Original Shape that is modernistic and having a breezy appeal of sea tide cups you in that deep conversation with a hot cuppa in your hand.

Nordic Elegance

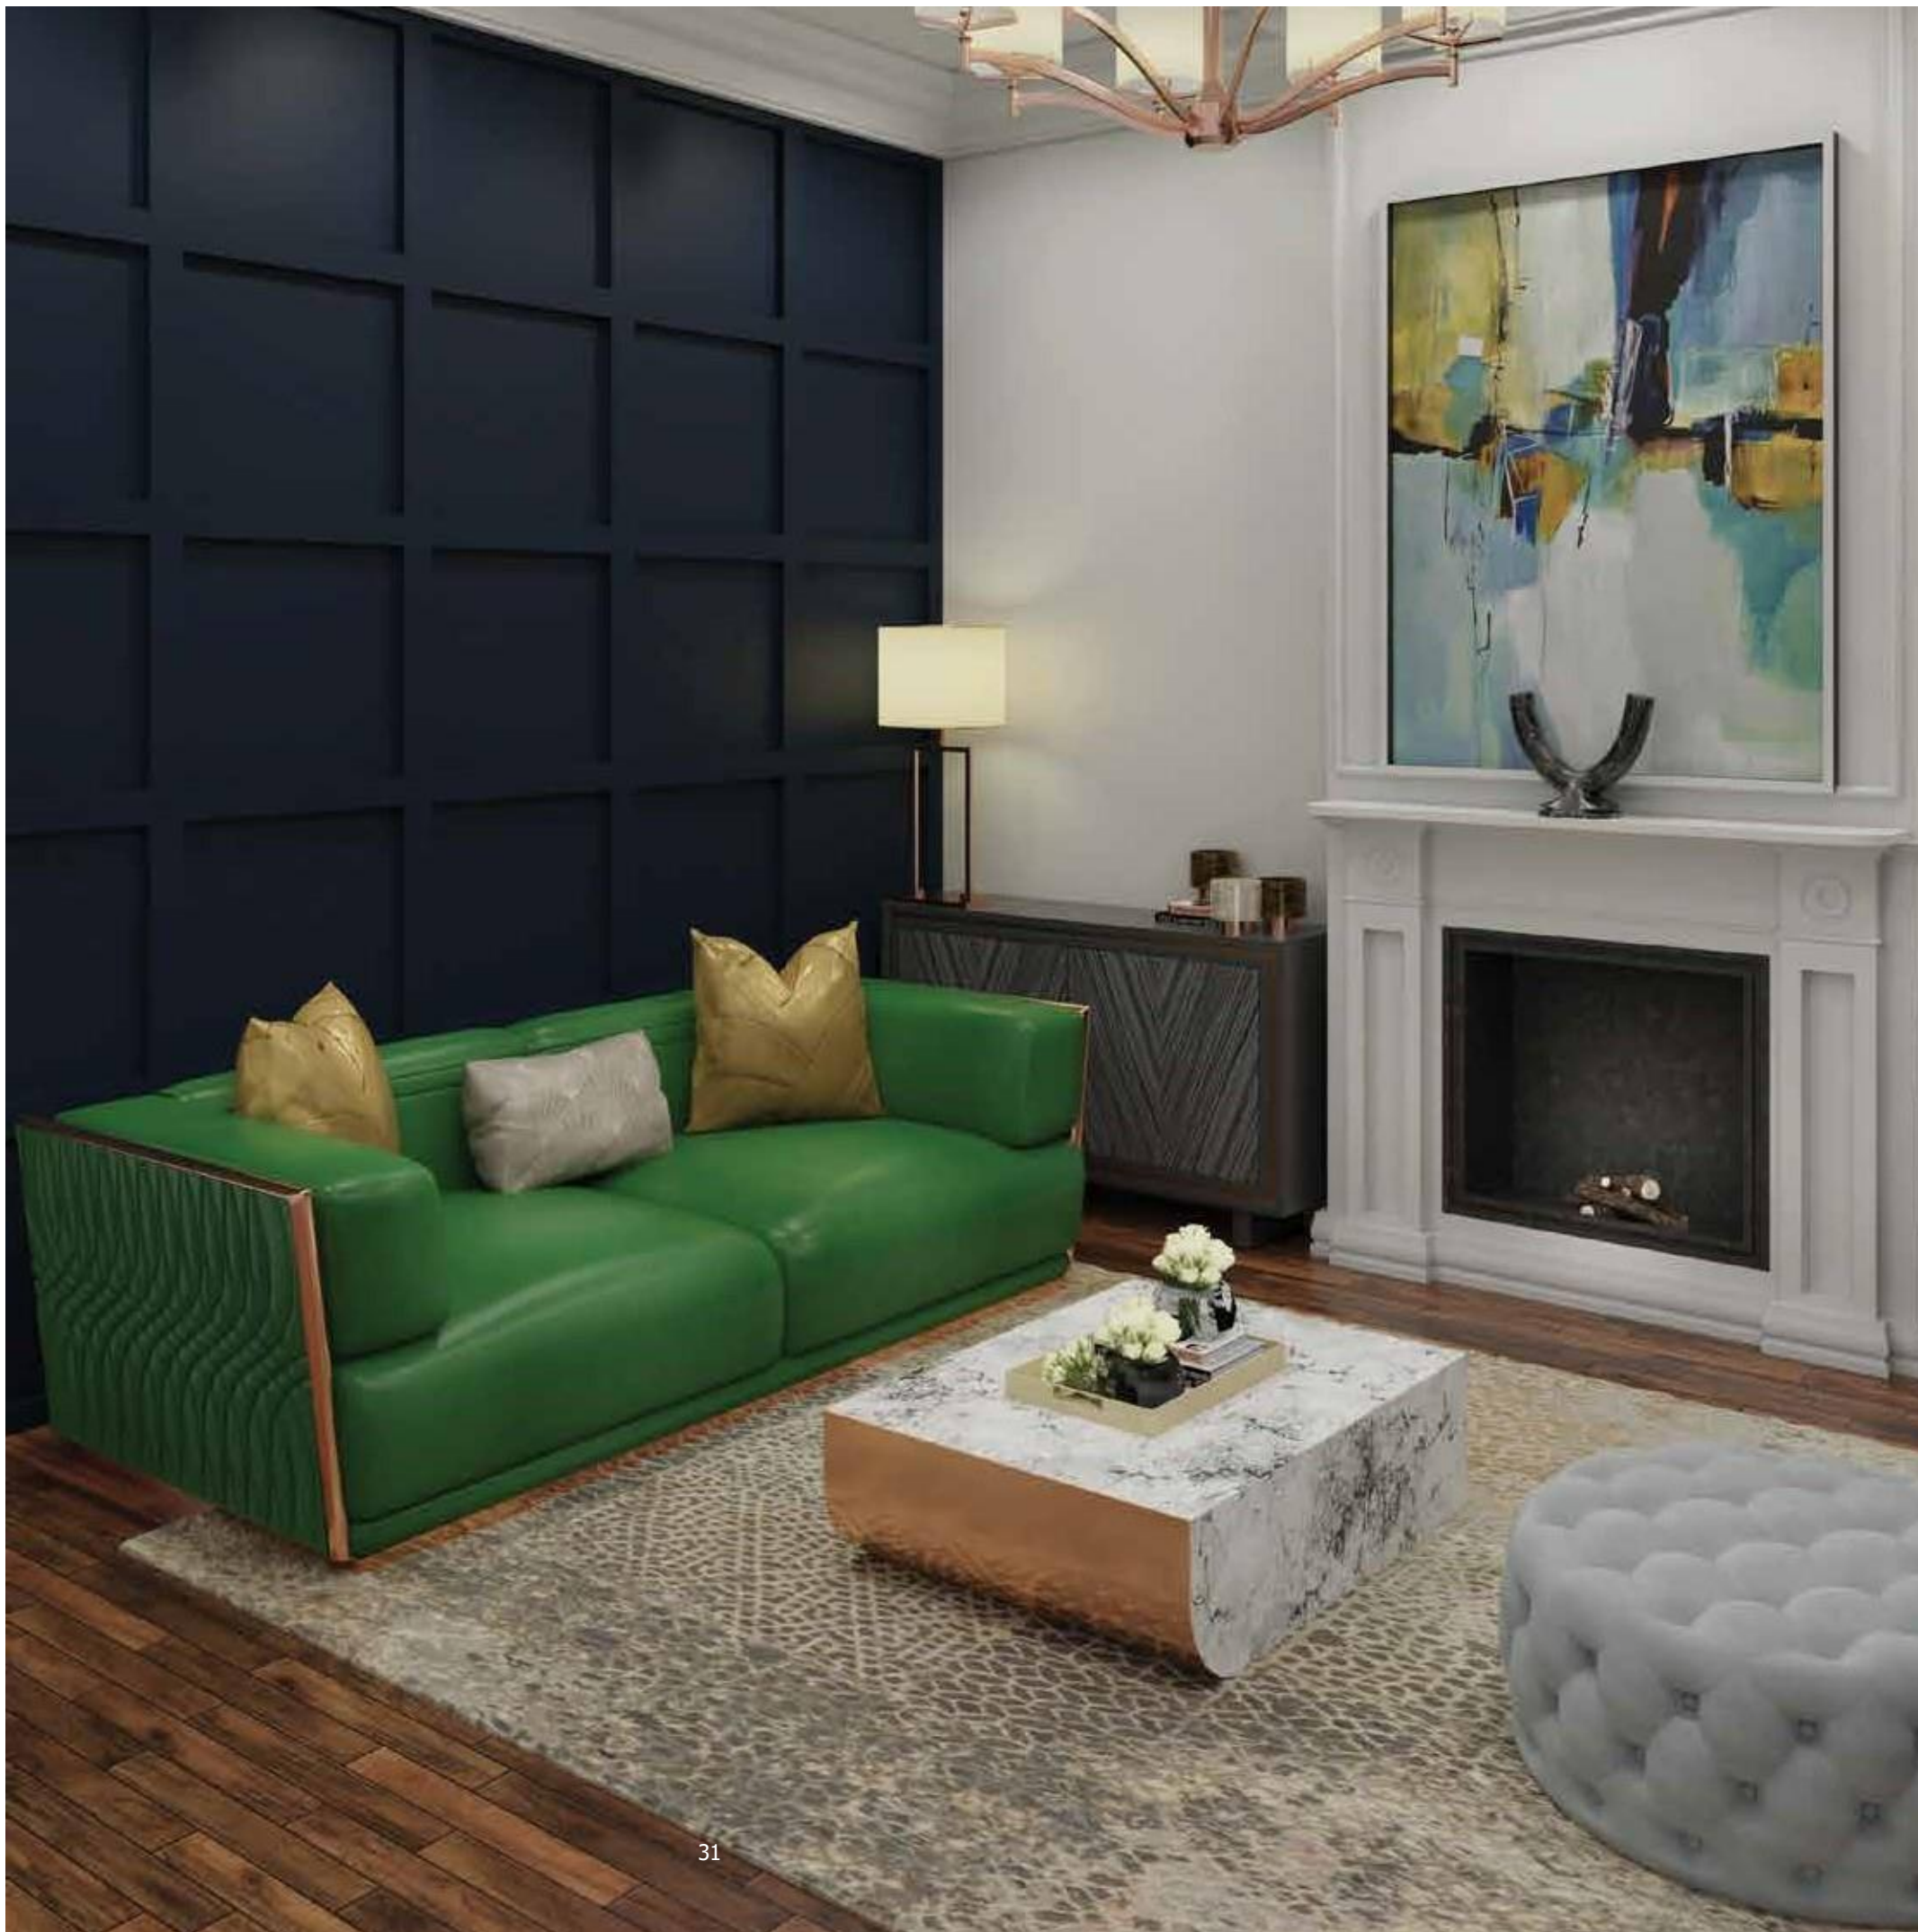

"Elegant", "Understated", "Stylish", whichever adjective you choose, the fact remains, this sofa is a pure and simply Nordic. The clean cuts & quiet blend that gives a perfect background to the modern room elevating the accentuated walls and other articles in the room.

Square Bolster

Neatly wrapped in linen like fabric with ends in a bolster look with a mix of tufting complements the straight lines of the sofa. The configuration of an accent table adds to the accent effect and also gives a practical approach to the setting breaking the monotony of size and colour both. It is a perfect visual balance and a treat to eyes.

Fusion Design

A creative blend of styles of any two or more culture.

It is a blend of modern colour & classic material, mesmerizing to eyes and making its presence felt.

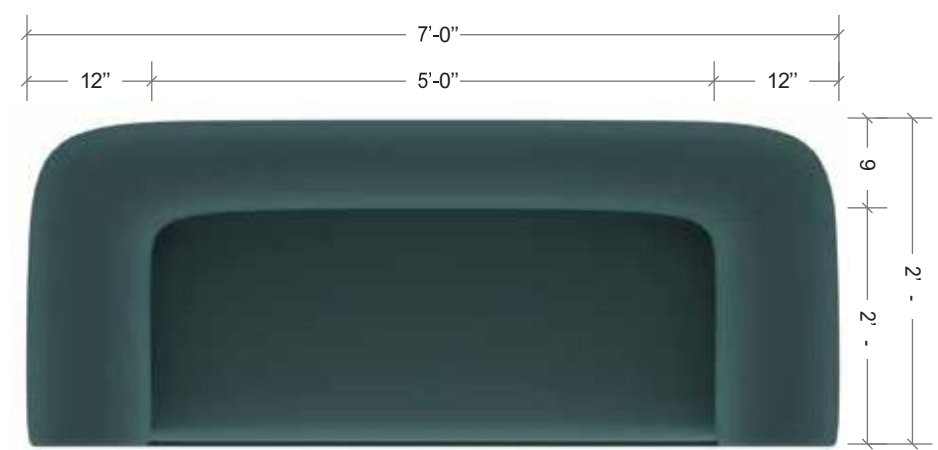

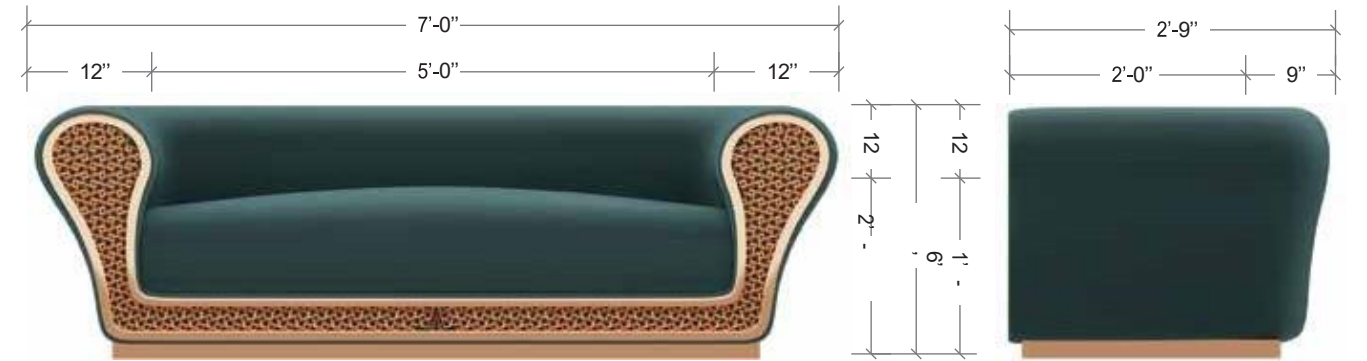

Cuprous Lux

The luxfully cuprous hue of suede with amalgamation of highlights of Ebony on arms & brass strips detailing makes this uber luxury sofa a unique masterpiece in the entire living room.

Bristol

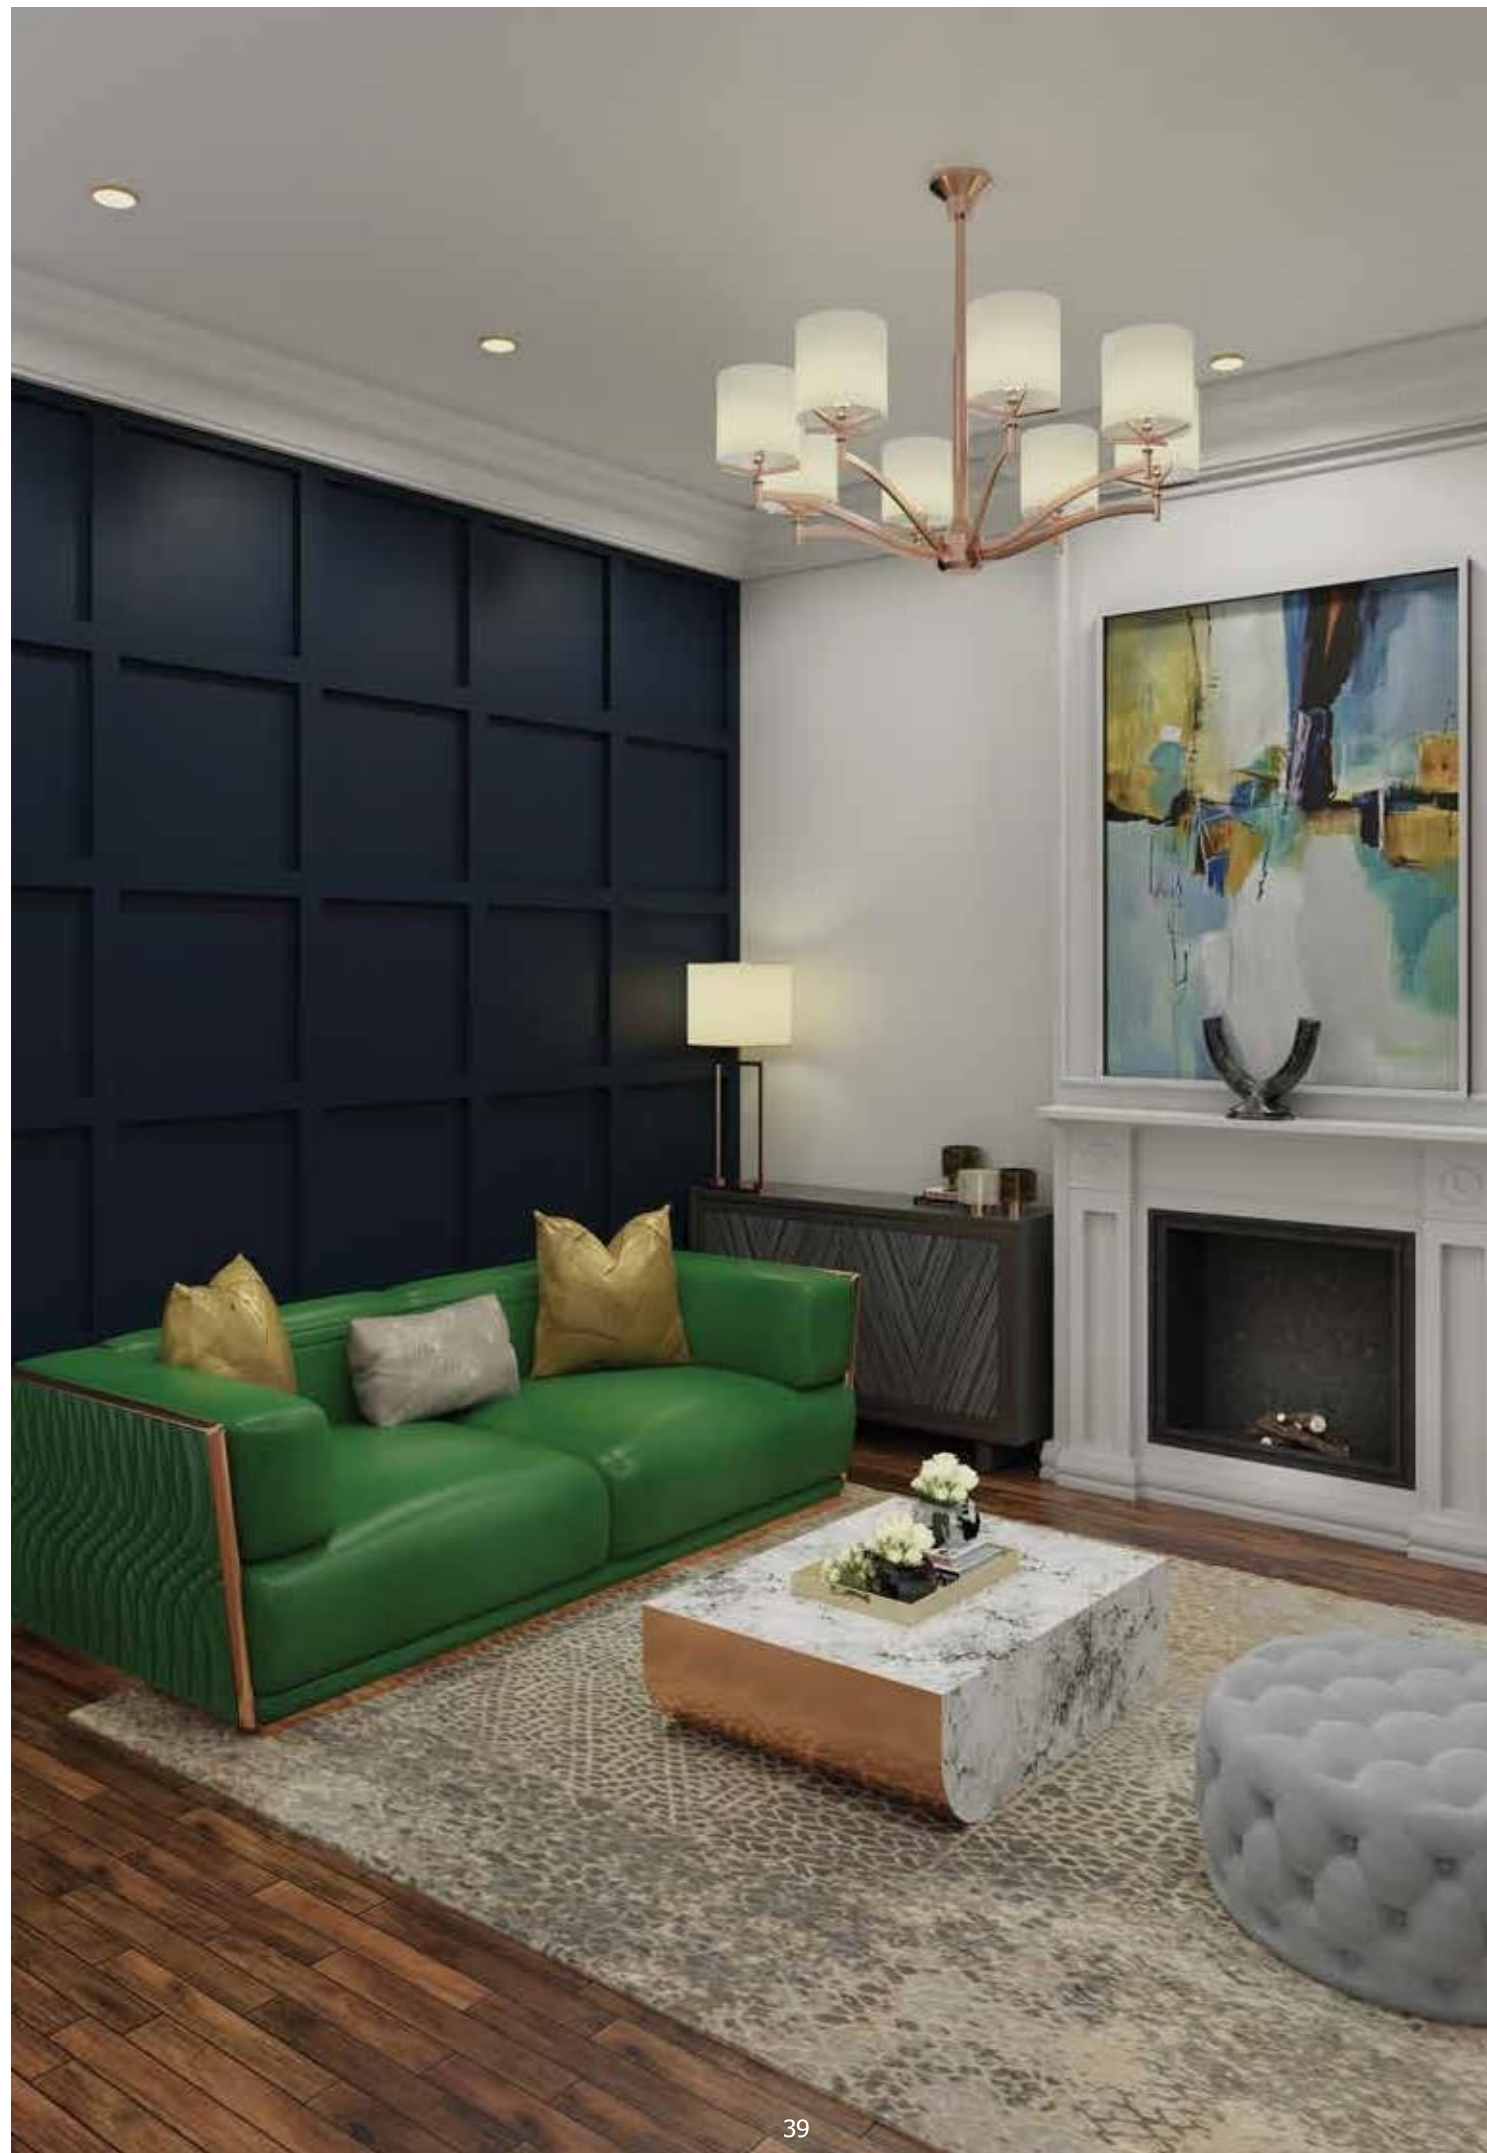

Fluted to perfection, with very unique shape of the back this super comfortable sofa is an epitome of luxury, the combination of elements like lavender color with the abstract and bespoke fitments makes this sofa a perfect blend even for compact spaces. The fluted feel in quilted effect are a true showcase of perfect craftsmanship.

Stark Embassy

Not everything that shines is gold, it can even be Stark embassy, a sofa with a touch of class, and a perfect mix of stark details highlighted in metallic finish.

Emrita

Modernity of Shape, charm of colour, & Artistry: three qualities that make this emerald beauty a highly attractive sofa. With one-piece metallic trimmed frame encasing the arms and a finishing touch on the skirting connecting the entire design together as a piece of fusionistic necklace. Needle punched sides creating a unique jewelled feel. Seat and back cushions stitched into separate compartmental design look.

Breezy Blue Chair

Breezy blue chair effortlessly combines multiple sensibilities and levels of ethnicity the bold cobalt blue makes it a strong statement piece with a deep sense of visual relief with its spaced out ergonomics.

Barrel Turq

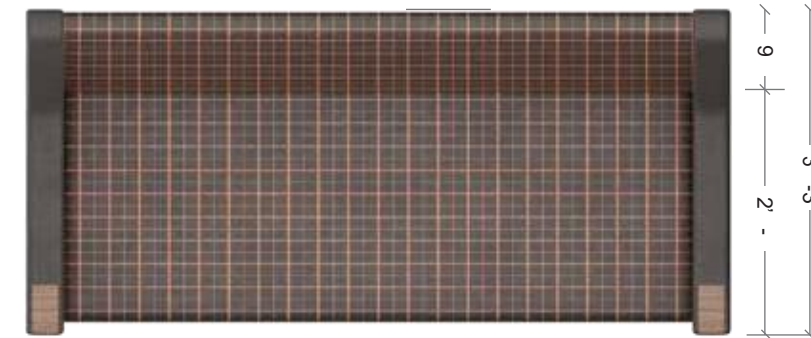

Relax in comfort and style with a good all-rounder, blue barrel turq chairs that add practicality and style to your home. In rich and sumptuous soft blue tones, they will bring on-trend elegance and colour to your life.

Mid Century Design

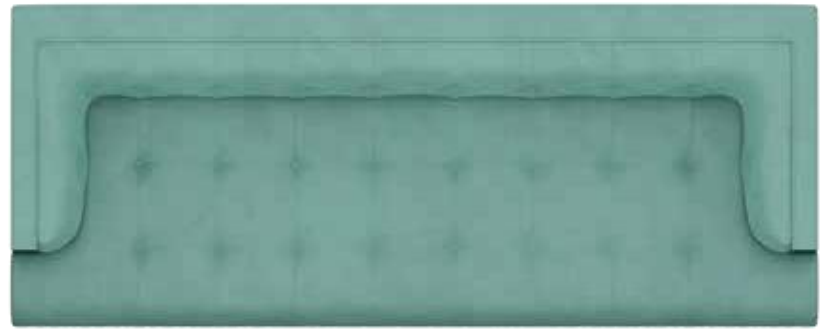

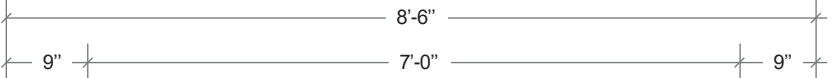

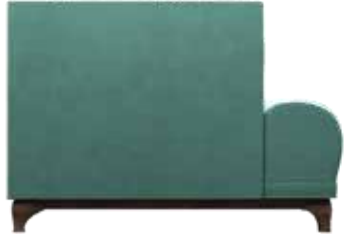

The clean lines, organic curves, mix-and-match materials and multifunctional designs of mid-century reflect the graceful simplicity yet modern freshness.

Checkmate

Wrapped in a chequered silk, the Mid-Century Seater balances out beautifully the bold feature wall and the lined geometrical design playfully making it a joyful room for casual comfort.

Cyan Iris

A tribute to Mid centurian period . The vibe of cyan Iris is flirty, a little delicate, slightly vintage. Fully upholstered tight back sofa with an elegant lacquered band at the bottom leading to a sleek and elegant foot detail makes the look of this sofa absolutely out of the world.

Exotic Ebony

The Exotic Ebony sofa set with its beautifully detailed and carefully bookmatched grains as a detail. Especially of the armrests, creates a bespoke look with a dash of elegance.

Classic Design

This elegant design theme deals with perfect harmony, balance, and order. Classical interior designing has its own aura and is one which never goes out of style.

Order symmetry and balance are the key features of classical furniture.

Hues common in classical interior designing style are basically inspired by nature. Shades of yellow, blue, green and brown, even some softer muted colours such as terracotta, grey and pink are very much in trend.

Blue Sapphire

Luxurious, elegant and comfortable are the adjectives that describe this masterpiece for those with refined taste who love to have beautiful things in their homes. The deep buttoning and cosy Semi circular shape make this sofa unique of its kind. For a large double heighted formal Lounge this is the perfect sapphire in the crown of your dream palace.

Scarlett

Combining classic style and ultimate comfort, the scarlet sofa & complementing Tanjore Painting is a great way to showcase the style apart of your villa.

Amethyst Purple

Amethyst is not just meant for queen's jewellery this Purple Lounger is a beautiful Accent classic beauty with silver antique polish on C.P teak handcarved to the perfection adding to the dazzle of your classic interiors.

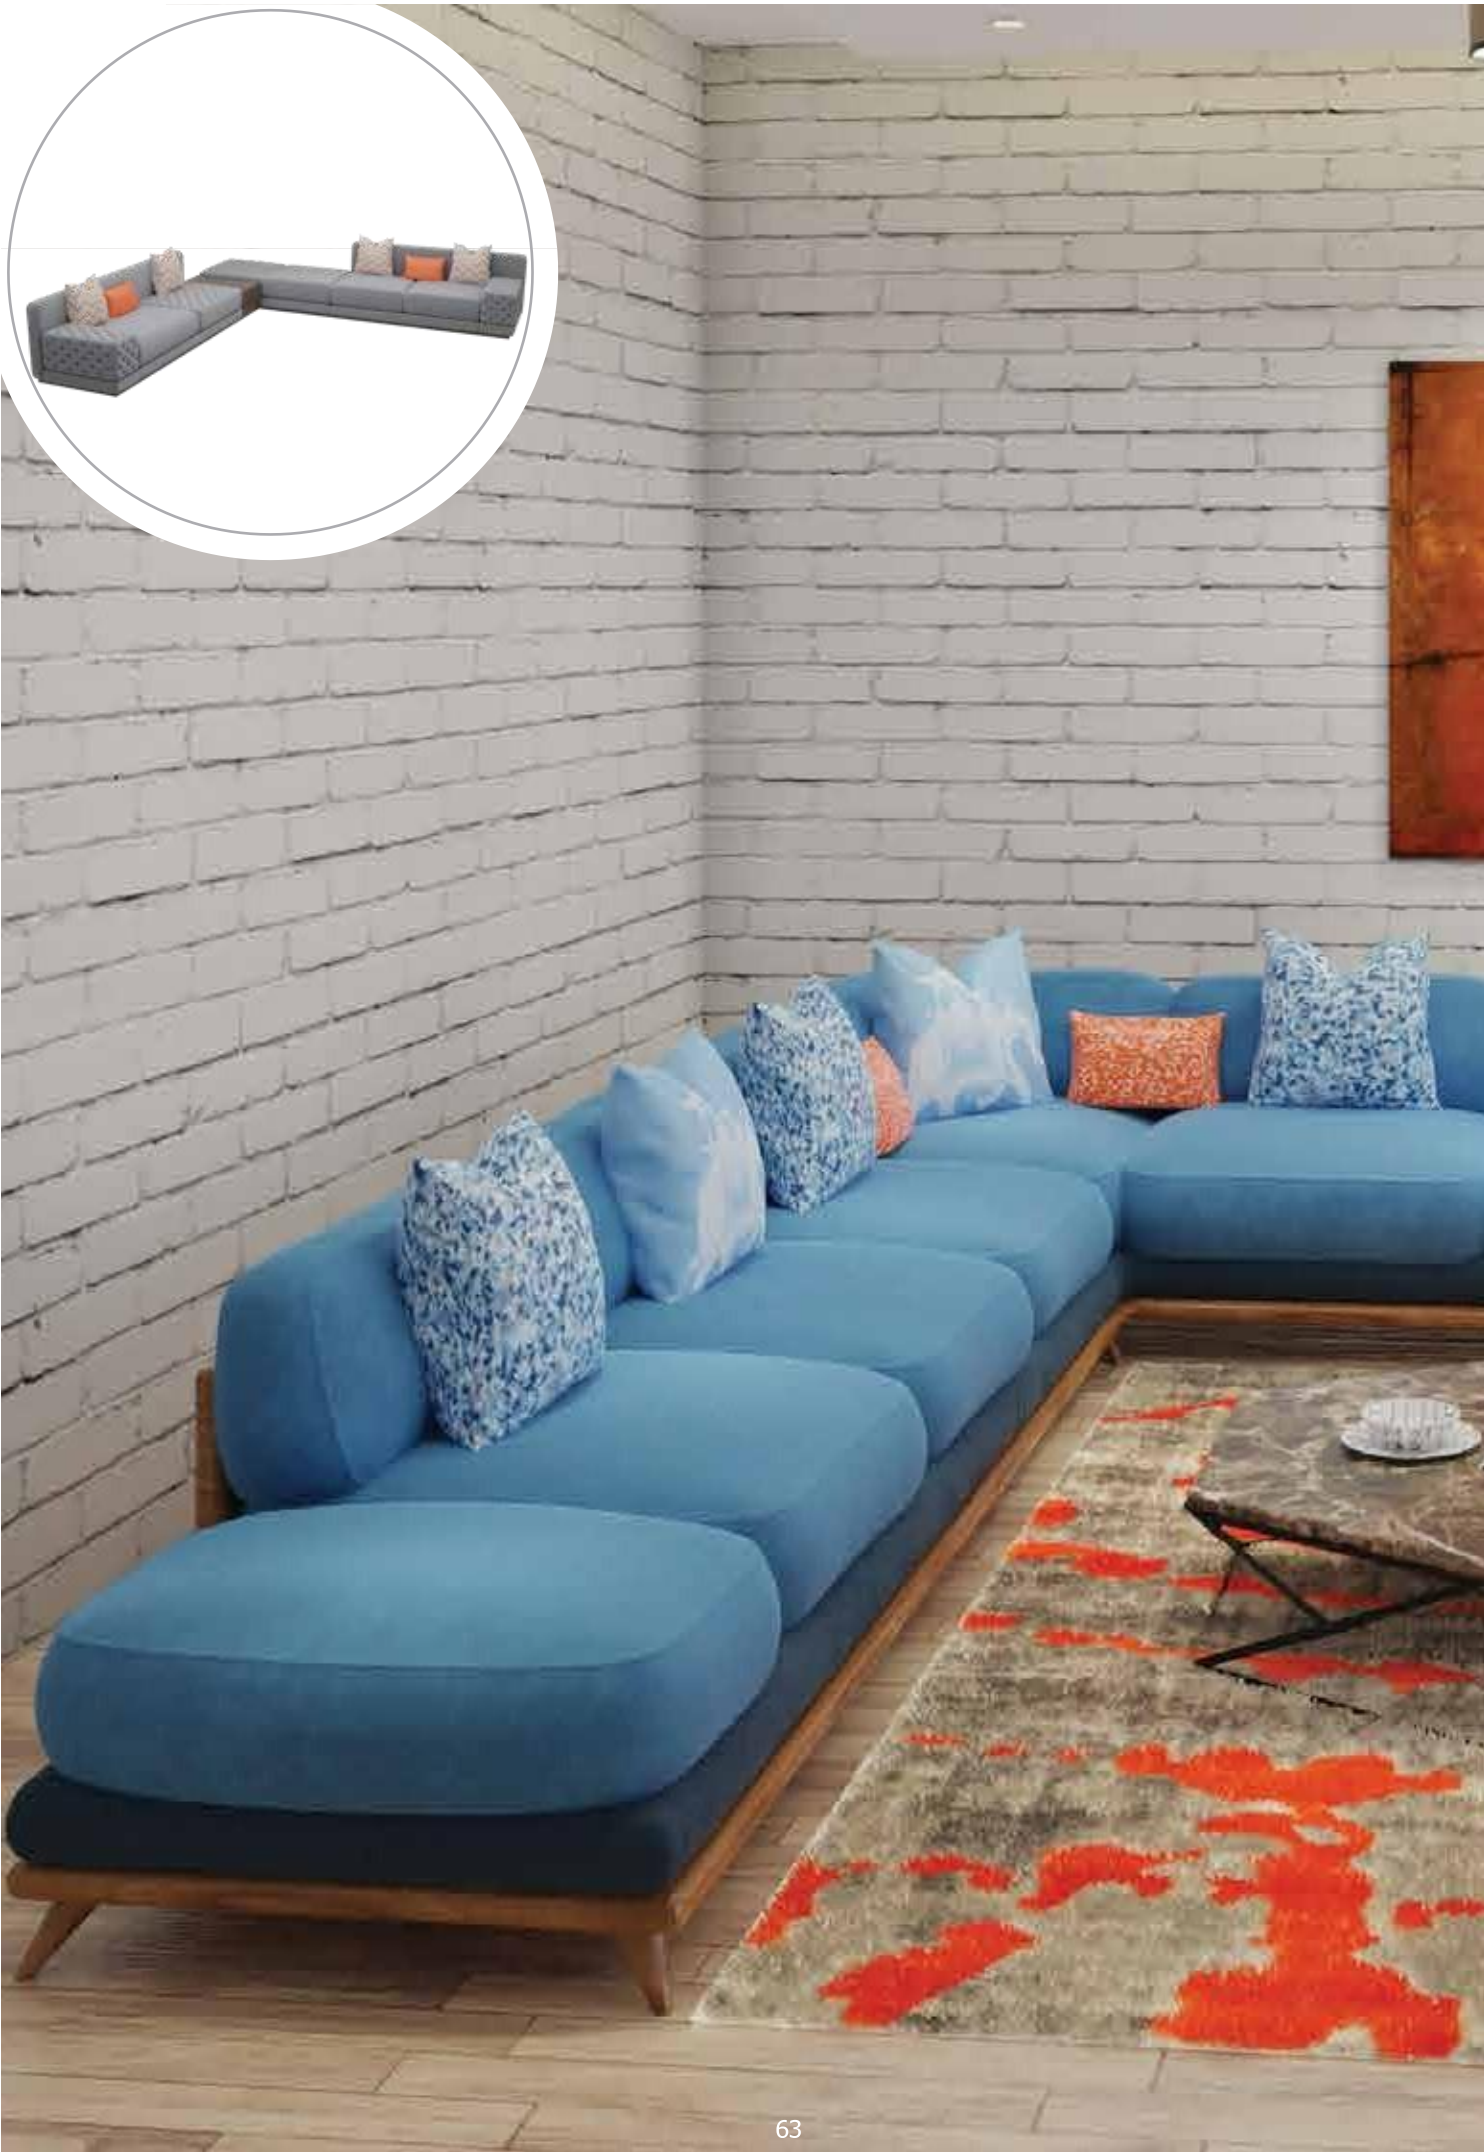

Innovation Design

In the era of a sustainable lifestyle or safeguarding the sentiments of a prized possession of a beautifully handcrafted sofa, which has truly been a part of your daily life, giving it away from your life is never a good idea, at S S Sales maintaining our core value of innovating our products as a responsible brand we recommend a new special category of design that is also a unique idea to preserve your favorite Sofa, remodeled & refreshed with minimal changes in frame, or stitching style and a dash of little details here and there, that helps in making a positive difference in homes & even on the planet.

The Design Category is not renovated but Innovated hence the name - "Innovation Design"

Diviano Paris

White Brick in the background a totally transformed "square Bolster sofa" into a new avatar of rounded edged seat cushions makes it look visually soft and smooth. This transformation is totally unimaginable, apart from the size, nothing more is a common element between the two sofas. This Sofa is uniquely named "Diviano Paris" as it makes you revisit the cozy lanes of paris the moment you sit and enjoy your cup of coffee.

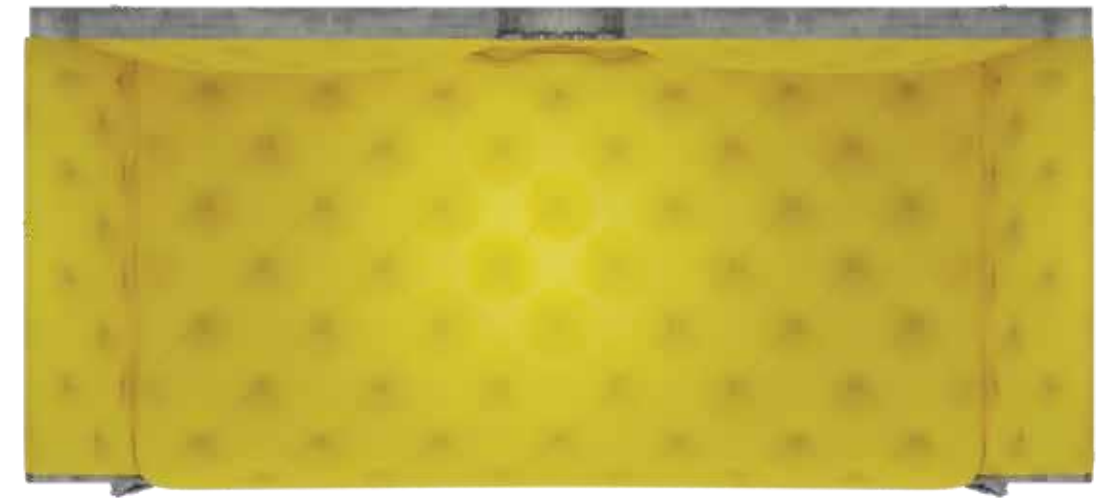

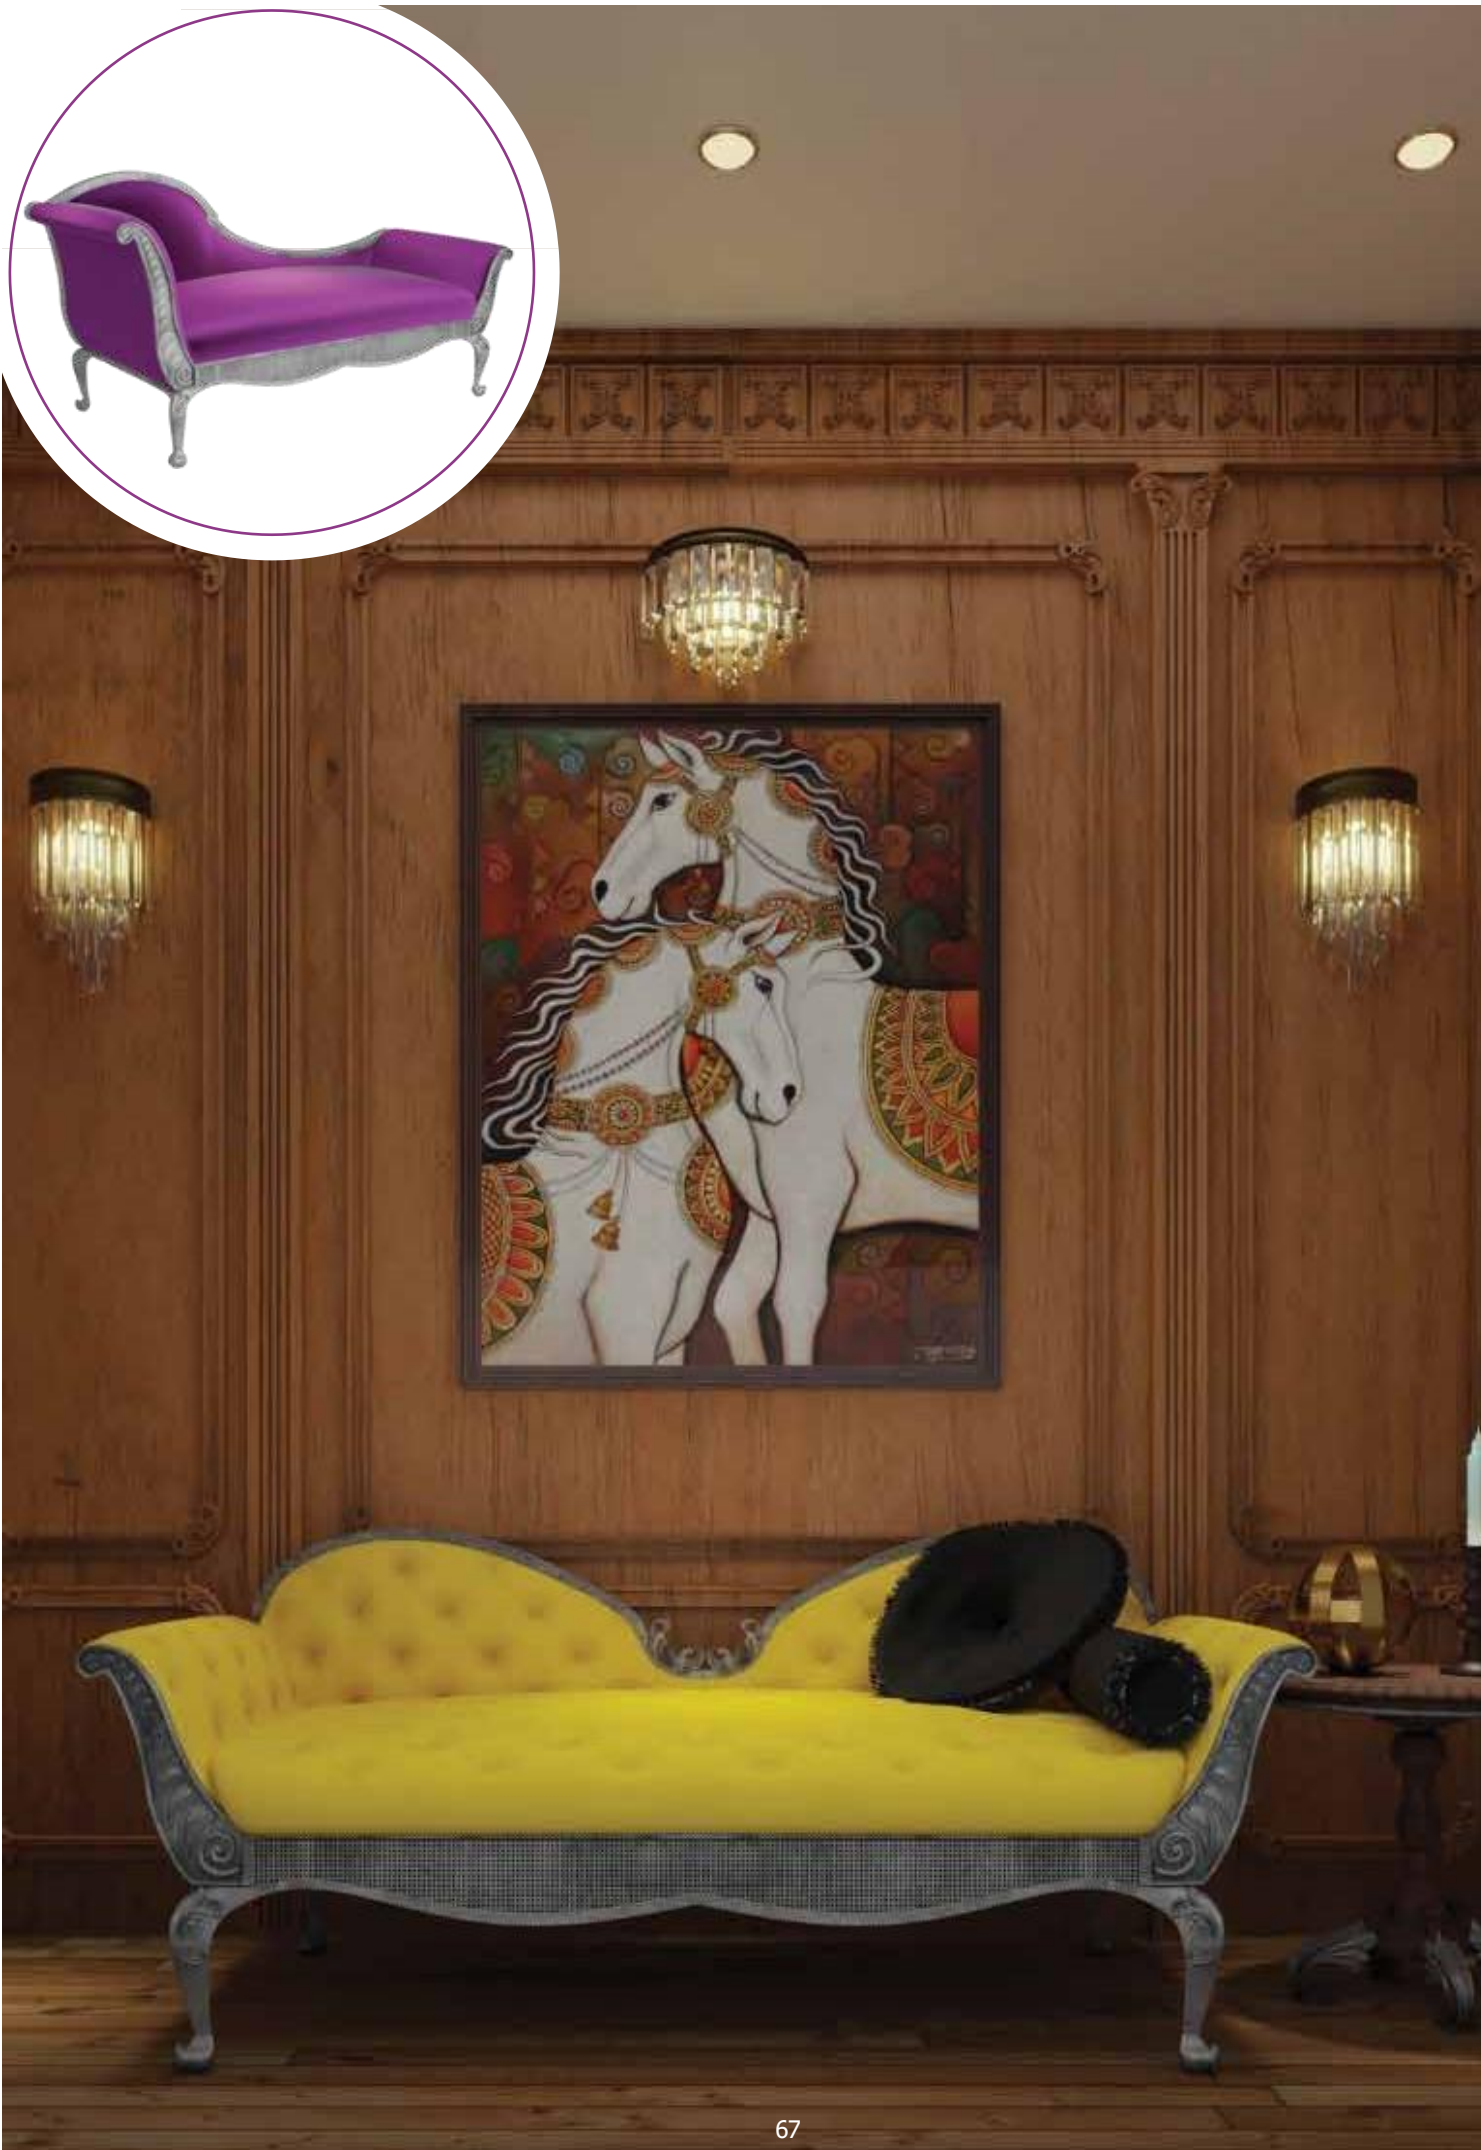

Pink Pandora

From "Cyan Iris" to "Pink pandora" this sofa is not just moving in a contrasting yet pastel colour family but also almost floor kissed profile, gives this sofa a look of fluffy American sofa. By simply looking at this sofa, you would like as if its calling you to sit in its Lap. Tapered Arms with vertical spaced out quilting is a great profile one can have.

Silver Fern

Fluorescent & bright colour is not a very predictable combination for a classic arrangement, but this silver fern as an innovation piece really stands out against walnut wainscoted panels, the burma teak with silver ash highlights the grains and the richness. Its a perfect piece to add the right accent and also acts as love seat. This transformation of "Purple Amethyst" is no less than a precious gem of a queen's necklace.

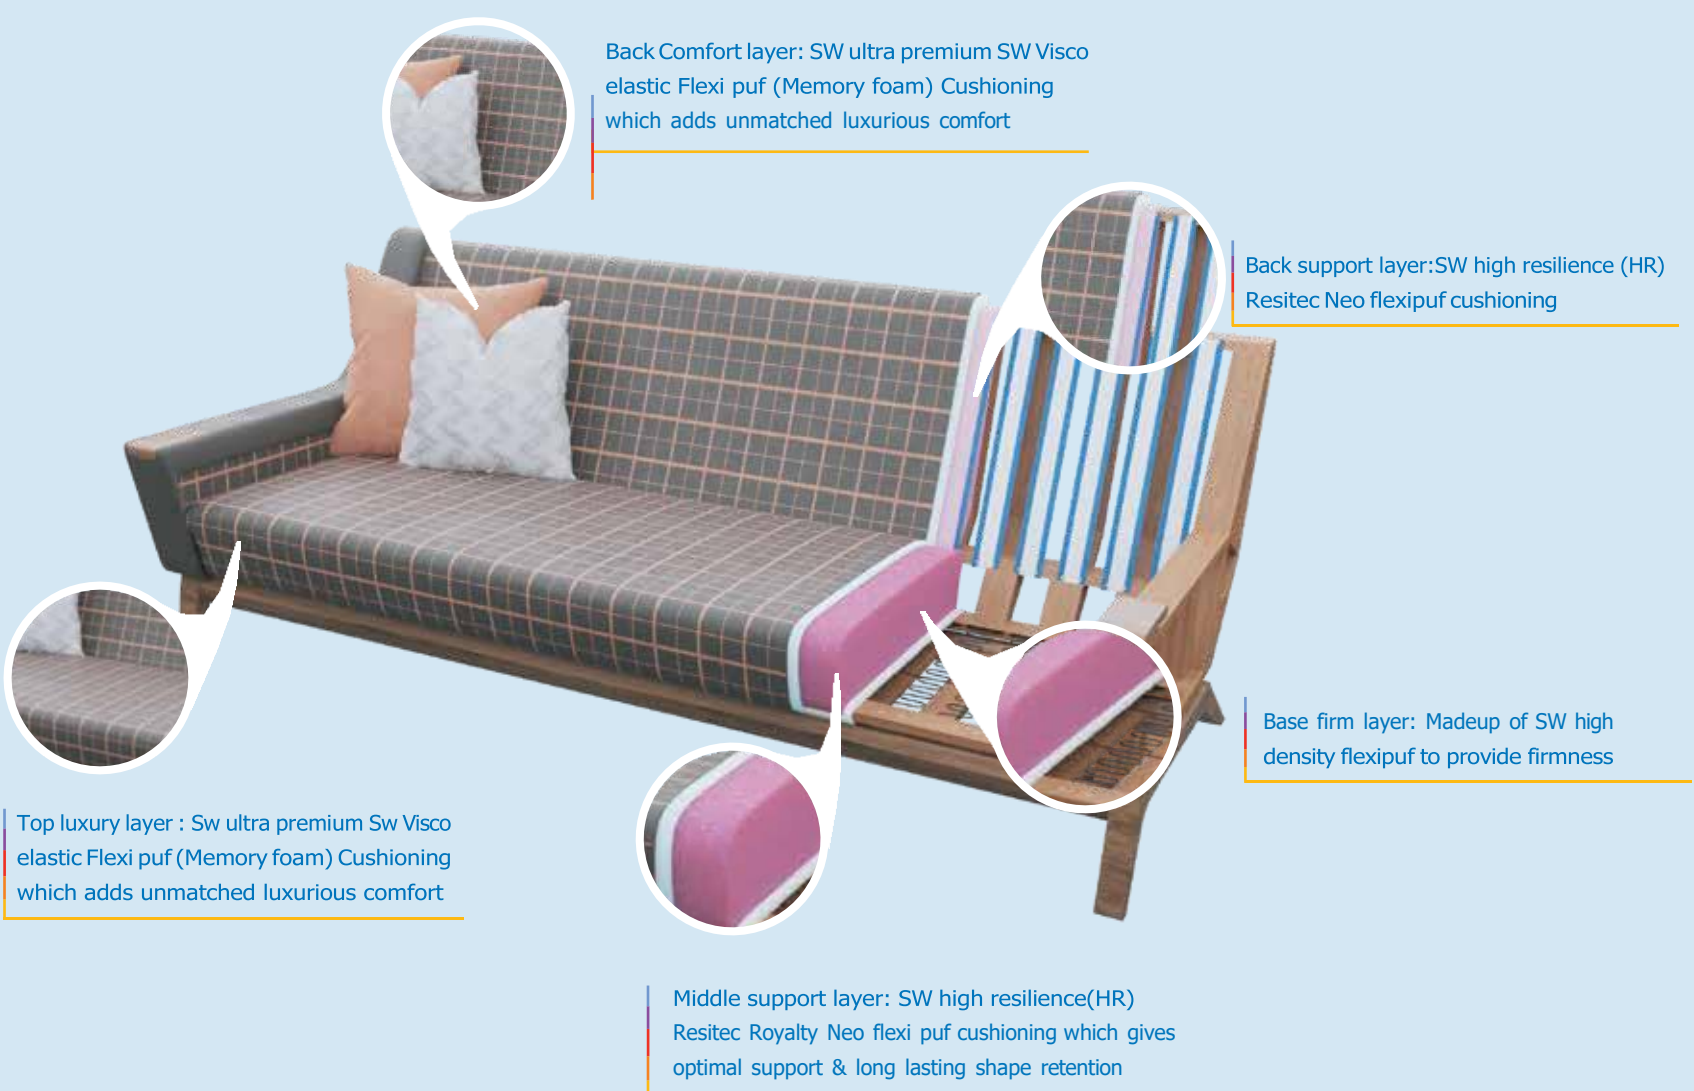

Howard

Transformed into innovation from fusion Design "Bristol", maintaining the quilted look as the need of the interior this modern version of camel back, combining elements make this Howard a very special sofa, just by modifying the back the whole look got evolved, and that is the advantage of innovation & renovation. Without much ado, another epitome of luxury gets recreated. Soft colour palette also gives a soothing touch to the space.
